PREFACE

The Directory of Medical and Health Institutions in Ondo State is published annually by the Department of Research and Statistics, Ministry of Economic Planning and Budget, Akure.

The publication is a compendium of registered public and private health institutions in the State. It is aimed at making available to the public, information on locations and the type of services available / rendered in the various health institutions in the state.

The contributions of the Departments of Planning, Research and Statistics; and Hospital Services of the State Ministry of Health to this publication is highly appreciated.

It is hoped that policy makers and other stakeholders in the health sector and the general public will find the information contained therein useful.

We welcome comments and suggestions for the improvement of future editions.
