## **FOREWORD**

The 2014 Price Statistics is the Second Edition published by the Directorate of Statistics, Ministry of Economic Development, Uyo, Akwa Ibom State. It presents information on Average Retail Market Prices of Selected Commodities in Urban Markets in ten (10) Federal Constituencies of Akwa Ibom State which include Abak, Eket, Etinan, Ikono, Ikot Abasi, Ikot Ekpene, Itu, Oron, Ukanafun and Uyo. The reason for choosing the 10 (ten) Federal Constituencies is to provide basis for quantitative analysis of price movements among the selected commodities within the urban centres of the State. This publication has two Sections, namely; State Average Retail Market Prices of Selected Commodities and Average Retail Market Prices of Selected Commodities in ten Urban Markets. The units of measurement of these selected commodities vary for different items. Most commodities are reported in metric system while others are given in numeric and common local measure.

Data collection was done weekly by the staff of the Directorate of Statistics, Ministry of Economic Development, Uyo. The monthly average prices were computed based on weekly returns which were further analyzed to obtain quarterly and yearly averages. It is hoped that this publication will be useful to the Government, Planners, Researchers and other end-users. However, comments, suggestions and constructive criticisms which will aid in the improvement of subsequent editions of this publication will be appreciated.
