

## *Strong Merchandise Trade Growth in Q4 2011:*

### Export of non oil Products rises while balance of trade remains favourable.

#### *Total Merchandise Trade*

The value of Nigeria's **Merchandise trade** in the fourth quarter of 2011 stood at N8,529.3billion, compared to N7,315.5billion in the third quarter( Table1). This represents an increase of N1,213.8billion or 16.6% over the previous quarter. Further analysis revealed that on a year on year basis, the value of total trade grew strongly by N2,610.2billion or 44.1% in the fourth quarter. On annual basis, the value of total trade increased to N9,410.7billion in 2011 showing an increase of 47.9% over the value of total trade for 2010. This continual increase in the value of total trade resulted from the increase in the value of both crude and non-crude oil exports by 48% and 42.4% respectively over figures reported for 2010.

The **balance of trade** valued at N5,735.1billion in the fourth quarter of 2011, recorded an increase of N2,826.1billion or 97.1% over the third quarter. On a year-on-year basis, the balance of trade grew by an increase of N3,360.8billion or 141.6% in the fourth quarter of 2011. By the end of 2011, the balance grew

favourably by N2,641.4billion or 41.5% over 2010 totals. Again, this can be attributed to the increase in both the crude oil and non-crude oil export values during the period under review.

### *Imports Classified by Standard International Trade Classification and Country of Origin.*

The total value of **imports** stood at N1,397.1billion in the fourth quarter indicating a decrease of N806.2billion or 36.6% over the third quarter. The year on year comparison revealed a decrease of N375.3billion or 21.2% during this period. At the end of 2011, total imports increased by N3,384.7billion or 50.9% of values reported in 2010.

The import classified by sections, as shown in Table 2, revealed that Boilers, Machinery and Appliances contributed N403.7billion or 28.9% of the total imports during the fourth quarter of 2011. Other major imports into Nigeria during the period under review included Vehicles, Air craft and parts with N173.2billion or 12.4%, Vegetable products with N145.6billion or 10.4%, Base Metals and Articles of base Metals with N143.1billion or 10.2%, and Products of chemical and Allied industries with N103.9billion or 7.4%. With respect to imports by destination in the fourth quarter, China, United States, India, Brazil and United Kingdom in that order were Nigeria's greatest trading partner in terms of imports with N285.0billion, N143.5billion, N110.5billion, N104.4billion and N71.0billion respectively.

The imports by region (Table 4) revealed that Asia ranked first with N3,237.7billion or 32.3% of the total imports at the end of 2011. This was followed by The Americas with N2,706.1billion or 27.0% and Europe with N2,550.0billion or 25.4% respectively. Total imports from African countries stood at N820.0billion or 8.2%, while ECOWAS countries contributed N132.8billion of the total imports from Africa.

### *Exports Classified by Standard International Trade Classification and Country of Destination*

The total **exports** in the fourth quarter were valued at N7,132.2billion showing an increase of N2,019.9billion or 39.5% over the value reported in the previous quarter. Year-on-Year comparison showed an increase of N2985.5billion or 72.0% over the value of the fourth quarter of 2010. The value of non-crude oil exports grew by

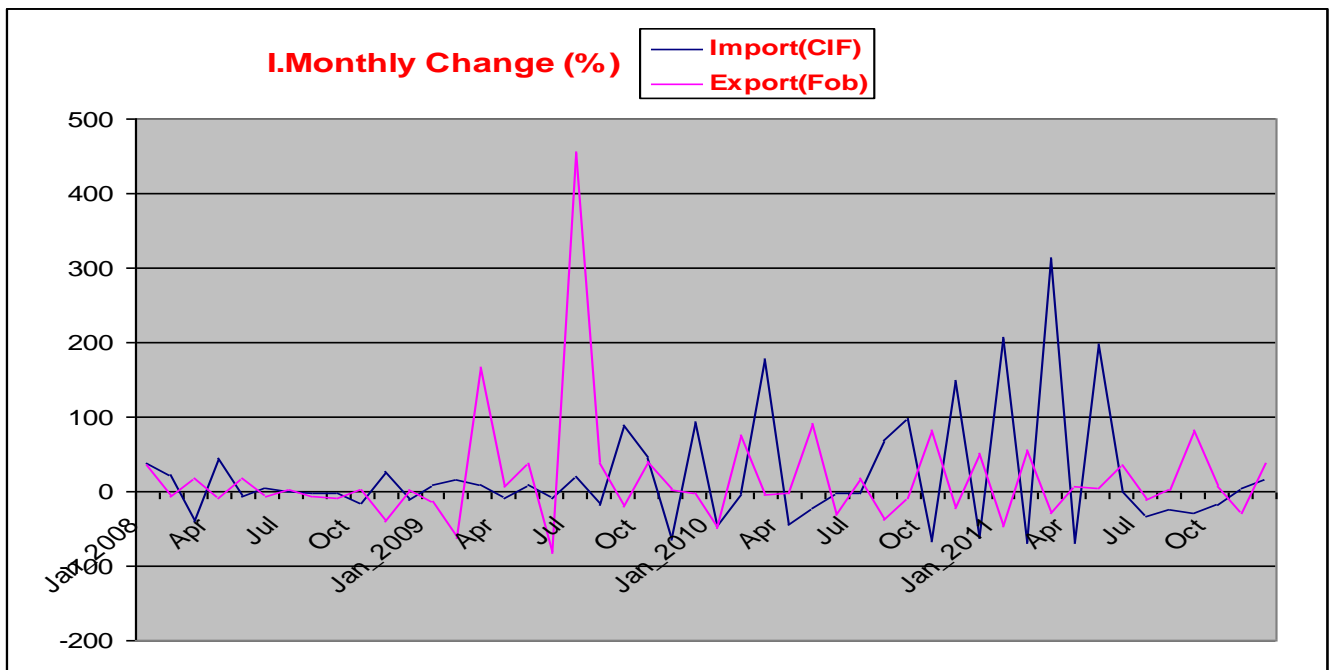

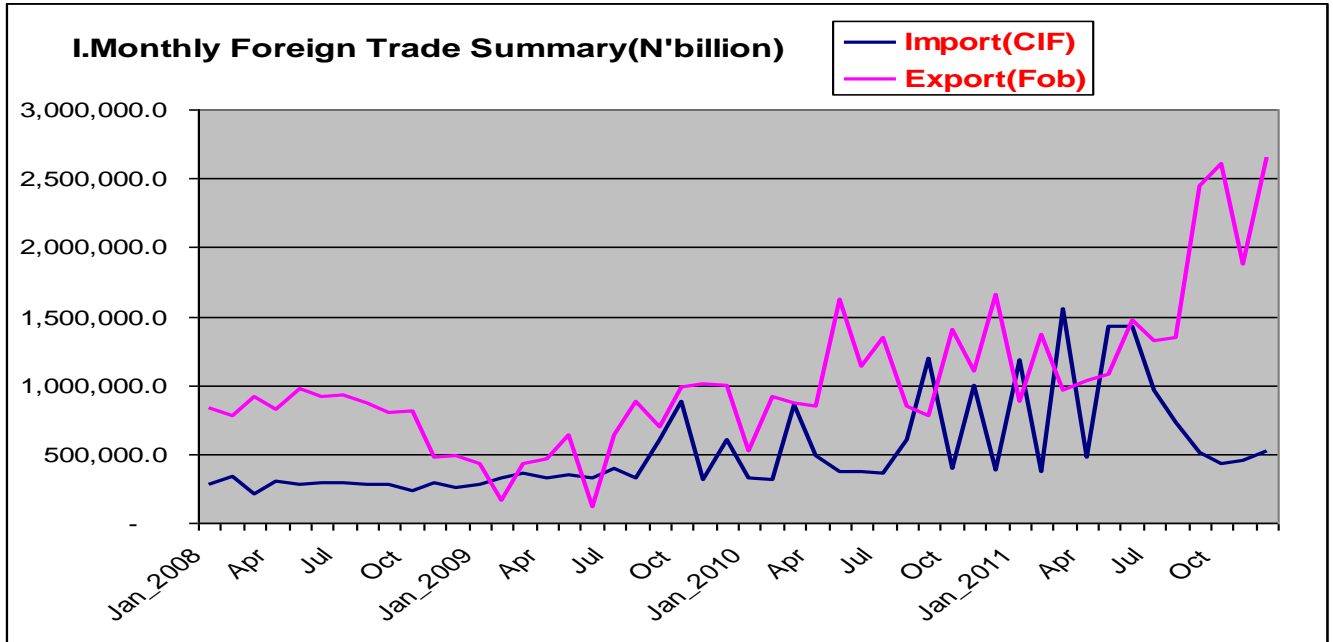

N2312.9billion or 176.6% relative to the corresponding period in 2010 as reported by the Nigerian Customs Service to the National Bureau of Statistics. This significant increase in non-crude oil exports was due to a surge in other hydrocarbons and their refined products<sup>1</sup>. Export by sections (Table 3) revealed that Mineral products contributed N5910.3billion indicating 82.9% of the total exports. This was followed by plastic rubber and Articles with N907.0billion or 12.7%, Prepared foodstuff, beverages, spirits and vinegar, tobacco with N96.6billion or 1.4%, Vegetable products with N55.8billion or 0.8% and vehicles, Aircraft, Vessels etc. with N47.7billion or 0.7%. The value of crude oil exports in the fourth quarter stood at N3,509.9billion or 41.2% of the total trade.

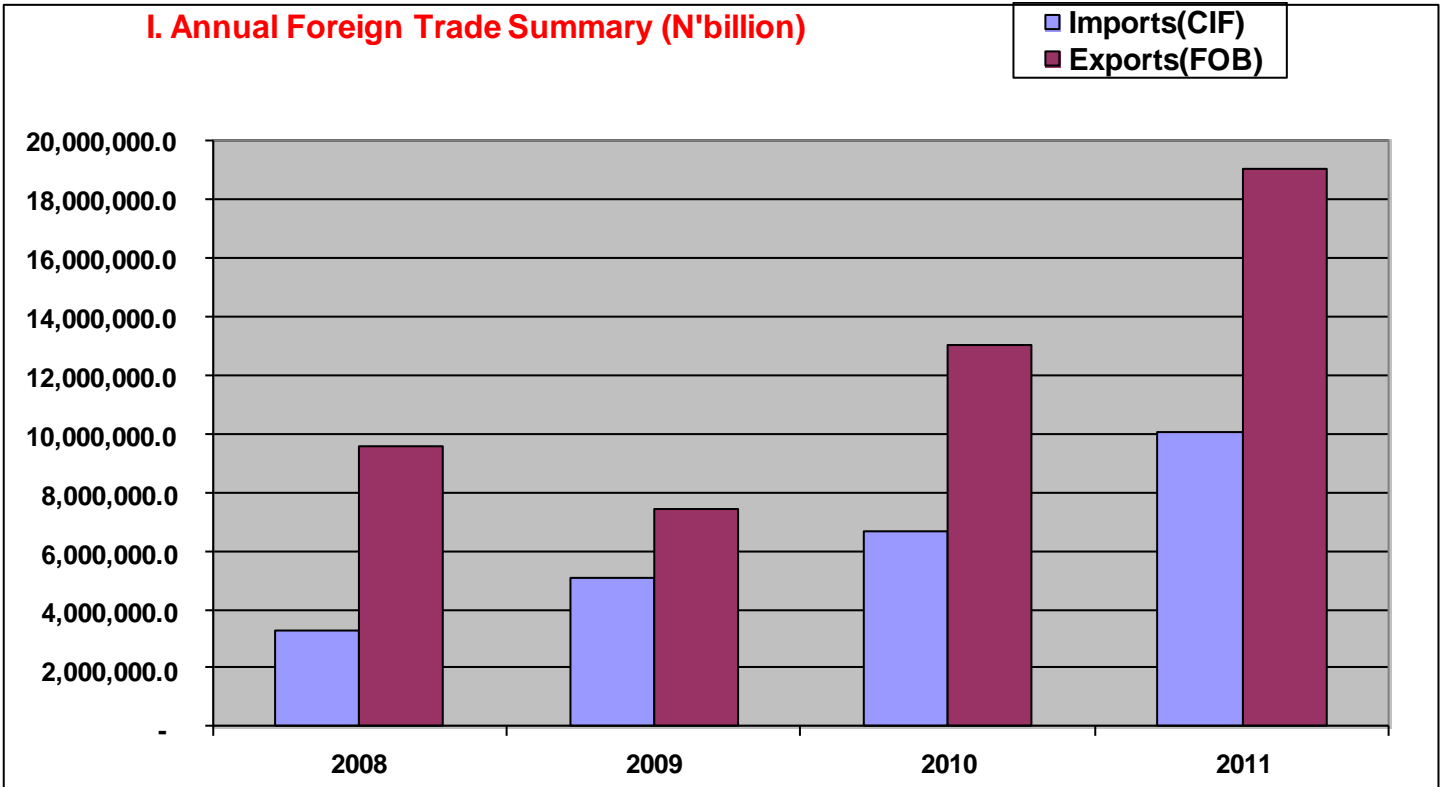

With respect to export by Country of Destination in the fourth quarter, United States, United Kingdom, India, Spain and Brazil in that order were Nigeria's leading trading partners with N1574.6billion, N900.2billion, N633.0billion, N586.0billion and N472.4billion respectively.

At the end of 2011, total export by region, (Table 5) stood at N19,036.0billion with The Americas leading with N7874.9billion or 41.3%, Europe followed with N5678.2 or 29.8% and Asia with N59.9billion or 16.2%. Export to African Countries stood at N2,027.5billion at the end of 2011 with ECOWAS contributing N553.2billion.

---

<sup>1</sup> Data reported by NBS in this section is obtained from the Nigerian Customs Service.

## Methodology

The National Bureau of Statistics publishes this Trade statistics report quarterly. Trade statistics compilation by NBS is largely from secondary data sources.

### **Data Sources:**

The Nigerian Customs through the Nigeria Integrated Customs Information System, Cobalt International Plc (on export commodities), Nigerian National Petroleum Corporation and various oil companies in the upstream and downstream sectors of the oil industry, Nigerian Ports, Petroleum Products Price Regulatory Agency, Central Bank of Nigeria.

### **Validation & Quality Assurance:**

After collecting data from the above sources, it is verified for outliers, Data validation is undertaken through a sample of the various Nigerian Customs outposts in Nigeria. Equally, regular visits are paid to the various outposts of Cobalt International for export validation using the extensive NBs field network. Weight harmonization is carried out through the various entry posts of imports and exports in Nigeria.

### **Processing/Analysis:**

Data processing is done using the Global Eurotrace software and the processed data is banked in the trade database. We use the Standard International Trade Classification (SITC) to categorize trade items.
